

# COOLEST PROJECTS

a technology event for young people

## For who?

If you're under 18 and love to make creative tech-stuff then "Coolest Projects" is totally for you! This event is designed for you to show the cool things you've made.

## Why?

Building cool digital things is fun. Sharing them with the world is even more awesome! And there are great prizes for you to win.

## What?

Coolest Projects is all about showcasing the technology projects made by the young people. So run to your garage and make stuff:

- \* electronic-thingsies
- \* robots
- \* games
- \* brilliant software

No inspiration? Go to [www.coolestprojects.be](http://www.coolestprojects.be) where you'll find project ideas for Mindstorms, mBot, Arduino, Scratch, and JavaScript.

## When & where?

Coolest Projects will be held on **Sunday May 29th 2016**. Participants can set up and test their projects starting at 13:00. Entrance is free from 14:00 until 17:00.

Lier Public library (entrance room Colibrant) - Deensestraat 6 - 2500 Lier

The number of participants is limited. **Sign up at:**
